Summary

- I am inquisitive, hard-working and a confident individual, currently in my 2nd year of B.Tech from Computer Science. I have tried my hands on front-end web development during my summer internship of 1st year. I like to do competitive coding and photo-editing. I currently have a 3-star profile on codechef and there's room for improvement. I am a keen learner and I believe that one can learn only through practice and experience.
